## Next Club Meeting—September 8, 2007 at The Comfort Cafe

Club Meetings are normally held the **first Saturday of each month** at 6PM at The Comfort Café (formally Kicam's Family Restaurant) in Mantua. Any change to this schedule will be posted here in the Flyer. Prospective members, guests and family members are **always welcome**.

## Annual Picnic a Blast

The August meeting was the annual picnic of the North Coast Lite Fliers at Yoder Airport. There was plenty of food and flying going on. The weather was great.

There were plenty of planes that flew in with people as well as lots of folks that drove up. I didn't get a count, but the attendance was high.

During the meeting, it was decided to rename the annual picnic as "The North Coast Lite Flyers Jonathan Gambel Memorial Picnic"

## *Annual Picnic a Blast (Continued from page 1)*

Hamburgers, Hot Dogs, Chicken, Salads of all kinds were on the menu and our Grill Masters did a fine job of cooking. Many helped with setup and cleanup. A big Thank You to everyone who helped, especially Forest for letting us use the airport. Good food, good friends and good conversations made the time fly too fast.

## *Conventions / Fly-Ins / or Just Around the Patch*

Friday, before the picnic, I drove to Mentone, Indiana to attend the Popular Rotorcraft Associations 45 Convention. This years convention had some new things happening with the promise of more for future conventions. Between seeing the new Xenon Gyro flying, attending some of the many seminars being held, and getting to talk to some people who I only communicate over the web... It was well worth the trip. I did not have my camera so no pictures, sorry.

## *Kicam Restaurant Sold to New Owners*

Kicam has been the meeting place of the NCLF monthly meetings for as long as I have been attending meetings. (OK-That's just a little over a year) Some may have been aware that they were looking for a new buyer. Well, at the picnic, we found out that the restaurant was sold and is now called "The Comfort Café". Meetings will still be held in the same location, so no worries!
