New Newsletter Editor Needed

Can you believe that I have been bringing you the monthly NCLF Lite Flyer newsletter since 2006??? That is 8 years. Lots have gone on in that time. Lots more happening yet to come.

I find that my time is becoming more and more scarce and I am looking for a replacement. To take over the publication.

Qualification:

- Computer
- Printer
- E-mail
- Two working fingers (Negotiable— One may be acceptable)

The newsletter is currently in Publisher 2000 format. I have it mail-merged to Excel. It can be built however the new Editor sees fit. To be able to put a copy out to the e-mail recipients, it has been dispersed as a PDF file. This is also the format that is on the website.

I still plan to run the Website, but I just don't have the time to write the articles. If you feel you can take on the position, contact me and I can send you the latest publisher file.

No One has Gone Anywhere / Done Anything?

I have heard of no one flying anywhere, or building anything, so there is nothing to share...
